MOU- WITH NATIVE LEAD FOUNDATION

The Native Lead Foundation believes that an intensive drive is needed to promote the culture of entrepreneurship and patriotic innovation among the critical mass of our student community. The future problems of unemployment and employability can be largely solved by creating a large number of native entrepreneurs and native innovations. It is a matter of concern that we should own native intellectual properties to make India a knowledge super power. In this era of knowledge, an enterprise can be successful only when it is driven by innovation. India should have a respectable number of knowledge innovations to compete with other nations.
